

24V 210Ah

Reliable Sodium-Ion Battery for Marine and Recreational Applications.

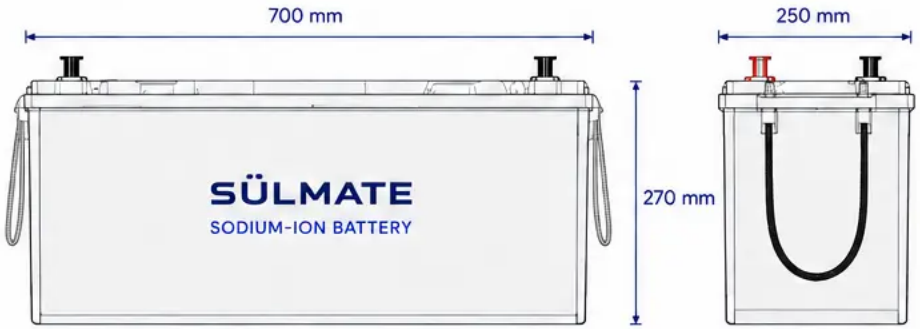

- 210Ah Capacity
- Intelligent BMS
- LCD Display
- USB-C Ports
- >3,000 Cycles*
- Designed for Marine & Recreational Applications
- 1500A CCA (Cold Cranking)
- NMEA2000 Compatible

CONTACT US

- European Support
- Fast Delivery
- 2-Year Warranty

PHYSICAL DIMENSIONS

LENGTH	700 mm
WIDTH	250 mm
HEIGHT	270 mm
WEIGHT	30 kg

Dimensions are ±2 mm tolerance. Weight tolerance ±3%.

MARINE INSTALLATION DATA

- AGM Replacement Ready
- Dimensions verified
- Weight optimized
- Robust enclosure design
- Vibration Resistant

*Cycle life depends on usage profile, depth of discharge and operating conditions.
